

## Buyer/Seller Contract and Guarantee

BREED:	
DAM:	
SIRE:	

GENDER:		PUPPY TRANSFER DATE:	
PUPPY DOB:		PUPPY #/COLOR	

### Deposit/Sale Agreement:

A minimum non-refundable deposit of \$500.00 is required per puppy/dog in order for it to be held for the Buyer. Deposits are transferable to another available puppy in the same litter or a puppy/dog from another litter, upon approval of the Seller. The remainder of the Buyer's payment for a puppy/dog is due in CASH when the Buyer picks up their puppy/dog. No exceptions. The Seller prefers to personally hand the puppy over to the Buyer in excellent, unquestionable health, but arrangements can be made for the puppy to be shipped. If the puppy/dog is shipped to the Buyer, the puppy/dog must be paid for in FULL prior to it being shipped and the Buyer will also pay for all shipping costs. If shipping is unavailable at the time of transfer, the Buyer agrees to make other arrangements to pick up the puppy/dog.

The Seller has the right to refuse the sale of a puppy/dog to any customer, at any time, at the Seller's sole discretion. If the Seller refuses to sell the puppy/dog after a deposit has already been placed by the Buyer, the Seller will return the Buyer's deposit in full.

Deposit may be paid via Cash, Venmo: @Alison-Nevans or Paypal: [Paypal.me/glorydoodles](https://www.paypal.com/merchot/?url=https://www.paypal.me/glorydoodles) (additional 2.9% + \$.49 charge for Paypal if sent as "payment for goods & services")

## Health Guarantee/Sale Agreement:

The Buyer agrees to maintain preventative care of the puppy/dog in regards to hip dysplasia and overall health, such as proper nutrition, proper exercise, and preventing stress injuries. If this puppy/dog develops crippling dysplasia at any time from purchase to twenty-four months of age (confirmed by X-rays from a competent licensed Veterinarian and the Veterinarian confirms that the puppy/dog has also been given proper care) the Buyer may keep the puppy/dog and the Seller will replace the puppy/dog (due to crippling dysplasia) as soon as possible with a replacement of equal value to the puppy/dog at the time of original purchase. The Seller reserves the right to request that the X-rays be sent first for review to a board-certified Veterinary Radiologist or other Veterinarian of the Seller's choice. If for any reason the puppy/dog is euthanized prior to contacting and obtaining approval from the Seller, all guarantees are null and void. The Seller reserves the right to have a necropsy performed if deemed necessary. The Buyer must be able to prove the puppy/dog is the same one purchased from the Seller, either by DNA identification or by original microchip identification provided by the Seller at the time of transfer, before the Seller will honor any guarantee in this contract.

The health and temperament of this puppy/dog is considered to be excellent to the best of the Seller's knowledge and belief at the time of sale/transfer. Seller agrees to provide the Buyer with a copy of the health records for the puppy/dog. The Buyer agrees to provide the puppy/dog with the proper training and environment necessary for the puppy/dog's proper temperament development. The Buyer agrees the Seller shall not be held financially or legally responsible/liable for any damages, physical injuries or emotional problems caused by the Buyer's puppy/dog. The Buyer agrees the Seller shall not be held responsible for a puppy/dog that is unruly, barks excessively, bites, digs or chews (which are all problems resulting from poor training, improper environment and lack of guidance/socialization). The Buyer shall have the puppy/dog examined by a licensed Veterinarian of the Buyer's choice within 72 hours after transfer of the puppy/dog. If the Veterinarian finds the Buyer's puppy/dog to be in poor health within 72 hours after transfer and the Veterinarian provides documentation that the puppy/dog has not received an injury or been neglected by the Buyer, the puppy/dog must be immediately returned to the Seller at the expense of the Buyer for a replacement of equal value, unless other arrangements are mutually agreed upon. Failure to see a Veterinarian within 72 hours after transfer is made of the puppy/dog will void all guarantees. The Buyer agrees that the Seller is not responsible for any injuries or neglect the puppy/dog incurs during the 72 hours after the purchase/transfer is made, or after. The Seller is not liable for any tests, medications or Veterinarian expenses and all Veterinarian/medical bills accumulated by the Buyer after transfer of the puppy/dog is the financial responsibility of the Buyer.

Buyer Initials \_\_\_\_\_

This Guarantee is not transferable. To make a claim against this Guarantee, the original Buyer who bought this puppy/dog must still own the puppy/dog. The Seller agrees that the Buyer's puppy/dog will go to its new home up to date on all age-appropriate vaccinations and de-worming, as indicated on the puppy/dog's health record. The Seller agrees to provide a copy of the Buyer/Seller contract and a copy of the health records at the time of transfer or as soon as possible after the puppy/dog was transferred or shipped. The Seller agrees to have the Buyer's puppy/dog on a nutritious diet and requires the Buyer to continue with either the same diet or to slowly mix the brand the Buyer prefers (from one of our recommended brands) with the brand the Seller is currently using to minimize digestive problems. Because more than half of all canine crippling dysplasia is related to poor nutrition, we require that your puppy be fed one of our recommended food brands otherwise this guarantee is void. If claims are made against this guarantee, we reserve the right to require purchase receipts of recommended food. Buyer is not to spay or neuter their dog prior to 12 months of age or this guarantee is void.

Viral, bacterial illnesses, bacterial colds, or infections such as Coccidia or Giardia (bloody stools) are a form of worms which are easily treated and are not covered in the health guarantee as they are natural things puppies can contract through the ingestion of unclean/contaminated water or eating things such as sticks, rocks, dirt, spoiled food, animal feces, rodents, etc. Umbilical Hernias also referred to as "outie" belly buttons are also not covered in the health guarantee. Puppies are naturally at risk for coccidia or giardia or worms

which is often brought on by the stress of a new home, new food, new people, or just a change in environment. Additionally, this health guarantee does not cover illnesses that develop due to the ingestion of foreign objects, chemicals, poor diet, the onset of physical or mental stress or accidental physical injury or health problem resulting from an injury or accident due to buyer's negligence.

There are never any guarantees that a puppy/dog will be free of a genetic disorder from past generations. Since we may not know if there are any potential weaknesses in a dog, we believe that the diet and lack of vitamins can exacerbate these conditions if found. By providing the dog with quality food and supplements, and feeding in correct amounts, the chances of these potential weaknesses greatly decreases. When a puppy is taken to a new environment, kennel cough (Bordetella - a raspy cough may be signs of this) is common when puppies are transported to their new homes and is usually caused by bacteria. Kennel cough is self-limiting and like the common cold, it must run its course. Full recovery is expected and kennel cough, coccidia, giardia on their own are not life threatening. All puppies are treated and vaccinated for distemper, parvo, coccidia, giardia, and worms prior to transfer. However, these health issues may still arise and that they are usually not serious (even though seeing blood in the stool appears serious) and are easily treated and we will not cover the treatment for them.

Buyer Initials \_\_\_\_\_

Seller makes no guarantees regarding the loss of the puppy due to accidental death, theft, sickness due to lack of vaccinations, etc., or any other loss beyond the Seller control except as stated above. Seller will not refund money in whole or part for any reason other than stated in the guarantee.

### Canine Disposition Statement:

The Seller cannot guarantee color, size, temperament or whether the puppy will shed or be hypoallergenic. These can only be estimated and can always change or differ and are ultimately outside of the Breeder's control.

### First Right of Recovery:

If buyer is unable to care for or chooses to change his/her mind about caring for the puppy purchased, Glory Doodles retains the right of recovery of the puppy at the buyer's expense. The buyer must notify Glory Doodles as to the change in circumstances and give the seller first right to the dog before any other action is taken. This includes and is not limited to selling the dog to another buyer. Buyer agrees that if this puppy/dog is offered for sale or trade at any time in the future, it will first be offered to us. The buyer will also maintain up to date vaccines & de-wormings, and to keep the puppy/dog in humane conditions and provide proper food, water, and shelter. Failure to follow the above contract completely will result in "A Breach of Contract" and shall make this contract null and void.

### Purchase & Transfer/Sale Agreement:

For the puppy/dog's protection, it will not leave the Seller's possession prior to 8 weeks of age. This allows the puppy to reap the maximum benefit from its mother and ensures both the Buyer and Seller that the puppy is ready for its new home. If the Buyer is unable to pick-up or take delivery of said puppy/dog at the designated transfer date, the Seller will keep the puppy/dog for an additional fee of \$15.00 per day for an agreed time period. The Buyer is also financially responsible for any accumulated Veterinarian bills after the date of transfer.

The puppy/dog purchase price of \$\_\_\_3,500.00\_\_\_\_\_, including deposit, is mutually acknowledged by both Buyer and Seller. All sales are final and the puppy/dog is being sold on an "As Is" basis, with the exception stated in the Health Guarantee above.

## Satisfaction Guarantee/Sale Agreement:

At Glory Doodles, we strive to make all of our customers happy and satisfied with their buying experience and their new puppy/dog. If for any reason the Buyer is not 100% satisfied with their puppy/dog at the time of purchase or transfer, the Seller guarantees to try to resolve any issues within reason. Should a problem arise, the Buyer agrees to contact the Seller in writing (email preferred) and allow the Seller at least 30 days to resolve any and all matters before providing or posting any negative or slanderous information on the internet, news media, social media or on any public or private forum or entity. If such violation is committed by the Buyer or the Buyer encourages a third party to commit such acts, all guarantees are null and void and a \$2000.00 penalty will be charged to the Buyer. No further guarantee is made by the Seller or Buyer.

We request the Buyer stay in touch, give updates on their dog and share pictures to the Seller if possible. We love to keep up with our Glory Doodles pups. We would like to thank you for your business and Welcome to the Glory Doodles family!
